

Placement Roadmap

01

Get to Know You

Get to know you, your wants and needs. Establish budget, deal-breakers, and long term goals. Rule out options that do not fit your needs.

02

Guided Tours

Narrow down your options to the best fit. We handle all scheduling and phone calls. Accompany you on tours, advocate for clear and concise information.

03

Final Choice

Finalize your choice and begin contract paperwork. If desired, connect you with attorneys to determine if your contract works for your long term needs.

04

Follow Up Resources

Tie up all loose ends, provide referrals for your downsizing and move, supply supplemental assistance from caregivers if needed.
